## EXTERIOR DOORS

In order to give our customers product with good quality parametres and good price realtion we are focused on ope-rational excellence and production lexibility.

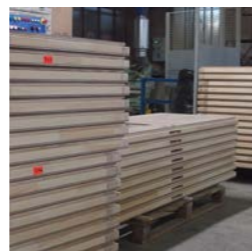

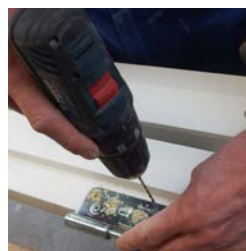

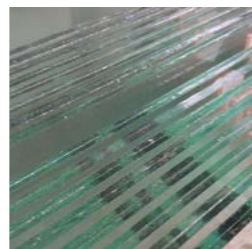

Just In time and perfect communication - to obtain these goals we give access to our order tracking platform so that customers can trace their orders and deliveries.

Solid - term that encompasses key values we strongly promote in our work: reliability, durability and trustworthiness. Underlined, give our brand a new meaning of

**Solidline.**
